### Beautiful, Practical and Built to Save Lives.

R2P's wood doors provide practical UL 752 Level 8 protection in any doorway and are the most innovative bullet-resistant doors ever designed.

R2P doors can protect against the most likely threat: inside attackers who evade exterior security.

#### FEATURES

- Meet High Standards:** R2P doors are created using the most advanced military-grade materials and tested using the most extreme standards.
- Lightweight/Ergonomic:** R2P doors are half the weight of comparable doors which makes them easy to install/operate and more cost-efficient due to reduced wear and tear.
- Wood Style:** R2P addresses lifesaving security needs with a protective wooden door that is functionally and ergonomically superior.
- Customizable:** R2P doors can be customized to accommodate any architectural preferences and protection needs, as well as all locking/security systems and advanced electronic access controls.
- Discreet:** Turn any room into a safe room, while keeping protection hidden in plain sight.
- Secure in Place:** R2P doors provide the ability to secure in place and buy critical time needed for appropriate forces to respond, thus saving lives.
- Excellent Value:** R2P doors offer unrivaled protection, quality and aesthetics, with no ongoing maintenance cost.
