## Beautiful, Practical and Built to Save Lives.

Our wood doors provide practical UL 752 Level 8 protection in any doorway and are the most innovative bullet-resistant doors ever designed.

R2P doors can protect against the most likely threat: inside attackers who evade exterior security.

### FEATURES

- Secure in Place:** R2P doors provide the ability to secure in place and buy critical time needed for appropriate forces to respond, thus saving lives.
- Lightweight/Ergonomic:** R2P doors can be easily operated by small school children every day. They are half the weight of comparable doors, which makes them easy to install/operate and more cost-efficient due to reduced wear and tear.
- Discreet:** Turn any room into a safe room, while keeping protection hidden in plain sight.
- Excellent Value:** R2P doors offer unrivaled protection, quality and aesthetics, with no ongoing maintenance cost.
- Customizable:** R2P doors can be customized to accommodate any architectural preferences and protection needs, as well as all locking/security systems and advanced electronic access controls.
- Mission:** R2P stands for "Responsibility to Protect," which serves as the foundation of our mission.
- Affiliations:** Member of OSAC, ISOA, SAME and WDMA.
