

R2P INNOVATIONS

Protective Doors

Beautiful, Practical and Built to Save Lives.

R2P doors are sleek, half the weight of comparable doors and able to withstand 100+ hits from high-velocity military rifles.

R2P doors empower people to take immediate defensive action and protect themselves from threats.

SPECIFICATIONS

- Size:** Custom-built to exact proportions of existing doors in specific openings.
- Locks:** All lock types and systems accepted.

- Core Type:** Proprietary ballistic material.

R2P INNOVATIONS

Protective Doors

Beautiful, Practical and Built to Save Lives.

R2P doors can protect against the most likely threat: inside attackers who evade exterior security.

Commercial / Residential
Schools / Healthcare
Infrastructure / Industrial

FEATURES

- Secure in Place:** R2P doors provide the ability to secure in place and buy critical time needed for appropriate forces to respond, thus saving lives.
- Discreet:** Turn any room into a safe room, while keeping protection hidden in plain sight.
- Excellent Value:** R2P doors offer unrivaled protection, quality and aesthetics, with no ongoing maintenance cost.
- Lightweight/Ergonomic:** R2P doors are half the weight of comparable doors which makes them easy to install/operate and more cost-efficient due to reduced wear and tear.
- Customizable:** R2P doors can be customized to accommodate any architectural preferences and protection needs, as well as all locking/security systems and advanced electronic access controls.
- Mission:** R2P stands for "Responsibility to Protect," which serves as the foundation of our mission.
- Affiliations:** Member of OSAC, ISOA, SAME and WDMA.
